

Founding Partner Sponsorship Pack

About iSupplyAU

iSupplyAU is an Indigenous-owned and led business driven by a clear focus on reconciliation and meaningful action.

Our purpose is to help bridge the RAP GAP — the gap between Corporate Australia's commitments in Reconciliation Action Plans (RAPs) and the actual delivery of tangible outcomes for Aboriginal and Torres Strait Islander peoples.

We achieve this by enabling Indigenous-led projects that transform corporate commitments into real, measurable impact. Guided by deep respect for cultural custodianship and a strong commitment to protecting and regenerating Mother Earth, we collaborate with businesses across Australia to drive self-determination, foster lasting success, and reinvest profits and in-kind contributions into our three core pillars:

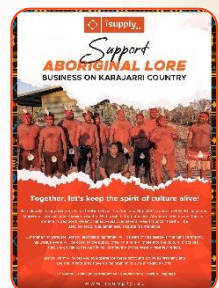

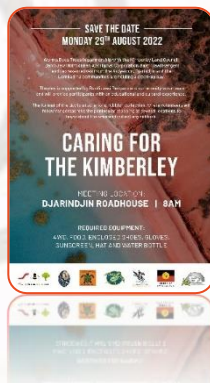

Community – Strengthening communities through housing and food sovereignty initiatives.

Country – Caring for Mother Earth through environmental regeneration projects.

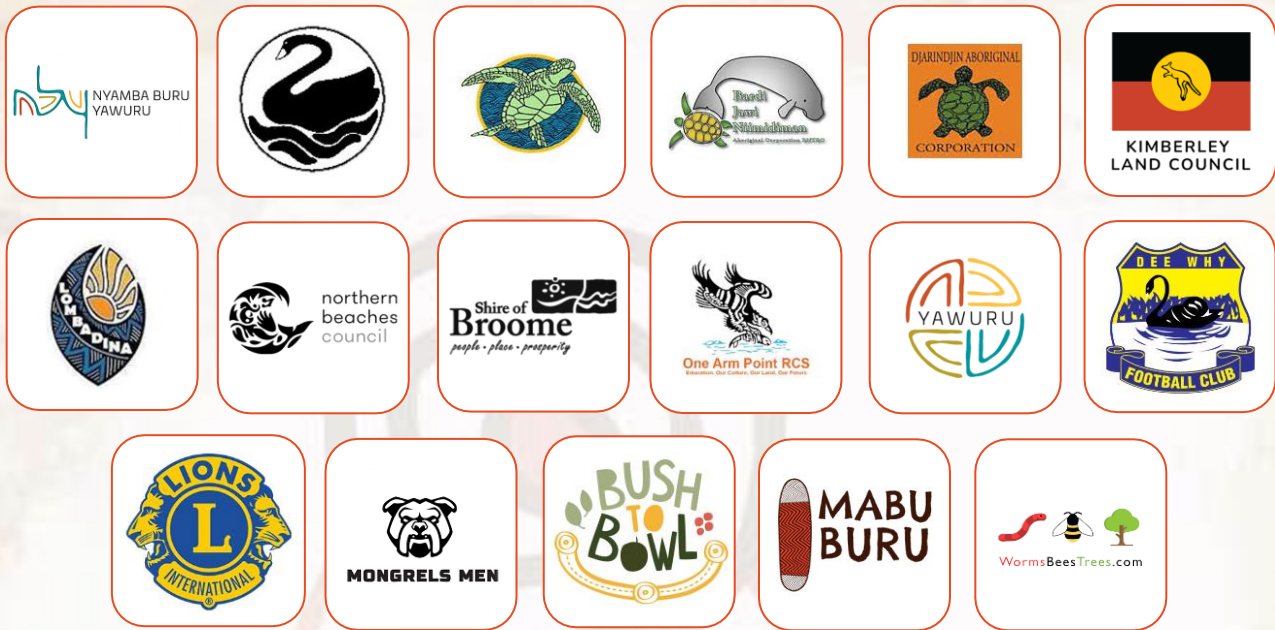

Culture – Supporting the perpetuation of Aboriginal and Torres Strait Islander cultural practices.

At iSupplyAU, we are committed to creating pathways for Indigenous prosperity, ensuring that every partnership delivers meaningful outcomes — not just promises.

Connections of our journey

Why Become a Founding Partner?

iSupplyAU requires a baseline of revenue to thrive through its foundational stages in 2025. Our Founding Partners provide the essential support that will allow us to deliver on our current and upcoming initiatives.

iSupply AU Founding Partner Sponsorship Pack provides a unique opportunity which allows businesses to become foundational partners in supporting the initial stages of the iSupply AU journey.

iSupply AU needs a base line of revenue to survive the foundation stages within 2025. Our founding partners provide the "bread and butter" that will allow us to deliver on our existing and new initiatives throughout 2025.

As a Founding Partner, you're not just a sponsor; you're a key player in our journey towards a more sustainable and culturally connected future. We value your support and commitment and look forward to a fruitful partnership that yields positive impacts for both your organisation and helping iSupply AU contribute towards Community, Country and Culture projects.
